GUEST LECTURE ON AWARENESS OF PROTECTING UTERUS AND STOMACH

The Women Empowerment Cell celebrated International Women's Day 2019 in JCT College of Engineering & Technology on 08.03.2019 by 10.30 am at our seminar hall. The function started with a prayer song of TamilThai Vazhthu.

Ms.Shirley (First year Food Technology) welcomed the chief guest and lighting of kuthuvilaku was done by the chief guest. Our respected principal Dr.G.Ramesh presided over the function. In his presidential address, he shared the importance of today's session and asked all the women to be brave and bold. He also introduced the chief guest.

The chief guests of the function were Healer Mr.Iyarkai Kumar, M.Acu, Founder, Kovai Academy & Universal Academy of Acupuncture Sciences and Healer.Mr.M.Kothanda Raman, Secretary; Kovai Academy & Universal Academy of Acupuncture Sciences.

Healer Mr. Iyarkai Kumar gave the valuable information on women's health and beauty. He also said when women are educated about the natural way of maintaining the health; the knowledge can be transferred to the entire family. He also said the awareness about protecting stomach. Healer Mr.M.Kothanda Raman narrated about the diet, which must be followed for the better health. He also said the awareness about how to protect uterus.

The vote of thanks was delivered by Ms.Subhadhini (II FT). The function ended with the National Anthem.

Report on World AIDS DAY Rally

World AIDS Day Rally brings together people from around the world to raise awareness about HIV/AIDS and demonstrate international solidarity in the face of the epidemic. It has become one of the most widely recognized international health days and a key opportunity to raise awareness, commemorate those who have died, and celebrate victories such as increased access to treatment and prevention services. It was first observed more than 30 years ago, progress to prevent and treat HIV. HIV medicines are available to help people with HIV live long, healthy lives and prevent HIV transmission.

JCT College of Engineering and Technology, Pichanur, Coimbatore, observed WORLD'S AIDS DAY will be held on 03-01-2019 at Seminar Hall around 1200 Students from various departments participated during the session. A 20 activities were organized not only to mark the significance of maintaining good health but also for causes & prevention of AIDS. The people were made aware and educated to handle the situation if someone in the family suffers from the disease.

- Scientific Poster Presentation
- Slogan Writing
- Artistic Poster Presentation
- Essay Writing on the Topic- “எய்ட்ஸ் ஒழிப்பில் மாணவர்களின் பங்கு”

Signs and symptoms commonly seen in the early stages of HIV include:

- Fever
- Chills
- Rash
- Night sweats
- Muscle aches
- Sore throat
- Fatigue
- Swollen lymph nodes
- Ulcers in the mouth

The World AIDS Day Rally was successfully conducted at various events.

ON

JANUARY 7, 2K19

Report on Road Safety awareness week

JCT college of Engineering & Technology, Pichanur, Coimbatore, organized the **Road Safety awareness week** from 07.01.2019 by 2.30 p.m at our seminar hall around 350 students from various departments participated. A road safety week is conducted in order to create awareness among the public regarding traffic rules and to reduce casualties of road accidents. Due to lack of awareness, many lose their lives and leads to pain and sufferings. It is celebrated with great enthusiasm every year. Similarly, it was celebrated this year from 4th February till 10th February 2018.

In this campaign, there were various events and was inaugurated by our Principal Dr.G.Ramesh. The Coimbatore city police worked deliberately to spread awareness among the public. Also, many public from the near by villages participated in numerous activities. Further various painting and drawing competition were held on the theme of the campaign. Additionally, quizzes and traffic safety games are held to promote safety. There are innumerable activities which are enjoyed and equally comprehended by the public.

8. MEGA HEALTH CAMP - 2018

'MEGA HEALTH CAMP 2018'

'MEGA HEALTH CAMP 2018' ORGANISED BY JCT GROUP OF INSTITUTIONS, COIMBATORE ON 27TH JULY 2018

JCT Group of Institutions, along with Coimbatore Medical College & Hospital and Aravind Eye Hospital organized a general health check-up and free eye check-up for the residents of Pichanur and nearby villages. Also a Blood donation camp was organized for the students of JCT College of Engineering and Technology. The objective of this mega camp was to provide free health and eye check-ups for the general public and to create awareness about blood donation among the students.

The programme that commenced with a prayer song was followed by lighting of Kuthuvillaku by Thiru S.A. Subramanian Chairman, JCT Group of Institutions, Dr. Ramakrishnan, PSG Medical College Hospital, Dr. Menaga Medical Officer, Blood Bank, CMGH, Mr. RVM. Kumanan, District Supervisor, TANSACS and Dr. G Ramesh, Principal of JCTCET, Thiru S.A. Subramanian Chairman, JCT Group of Institutions presided over the function. Dr. G Ramesh, Principal of JCTCET welcomed the guests and Mr. Senthil Prabu, proposed a vote of thanks.

The one-day health camp organized for the residents of nearby villages and the students was a grand success. A lot of the students and villagers who had never had an eye check up done earlier, and some who have not had a checkup done for more than 10 years were also benefited.

Coimbatore Medical College Hospital Blood Bank conducted the Blood donation camp. Around 89 students of JCT College of Engineering and Technology donated blood in this camp.

Specialists from Aravind Eye Hospital, Coimbatore volunteered to achieve the objective of the free eye checkup camp. The doctors screened them for eye infections, defect in vision, etc.

PSG Medical College Hospital, Coimbatore provided 5 doctors and 10 staff members to conduct the general health checkup camp. Attendees were registered at a registration desk wherein their details, along with their height and weight were taken down. They were then directed to a General Practitioner for a general health check up. Medicines were provided by the hospital free of cost.

The camp started at 09:30 a.m. and ended at 04:00 p.m. Around 600 students and villagers were benefited by this camp.

SEMINAR ON DRUG AND TRAFFIC AWARENESS PROGRAM ORGANIZED BY NSS WING JCT COLLEGE OF ENGINEERING AND TECHNOLOGY JOINTLY WITH POLICE DEPARTMENTS OF TAMILNADU AND KERALA ON 01.02.2018

JCT College of Engineering and Technology's NSS wing and Police Departments of Tamilnadu and Kerala have jointly organized an awareness program against Drugs and Traffic on 10/02/2018. Mr. Mathews John, Deputy commissioner-Excise, Kerala and Mr. Balasubramaniam, Deputy commissioner-Excise, Tamilnadu, they delivered a valuable speech to the students about the cause and effect of the drugs addiction. On the other hand, Mr. Chandramohan, Additional superintendent of police, Coimbatore, advised the students on How to protect themselves and how to follow the traffic rules. Earlier Principal Mr. Dr. G. Ramesh welcomed the chief guests. More than 300 Students have got benefited from the program.

This program was coordinated by NSS coordinators Mr. Magesh (AP-Mech) & Mr. Ashokprabu (AP-PHYSICS)

Report on Dengue Awareness Program

With the aim of combating the deadly disease Dengue, JCTCET and Mr.Thangam President of Pichanur Panchayat organized a special DENGUE AWARENESS CAMPAIGN on 11.02.2015 around 600 students participated. The day saw students and Faculties of JCTCET participating enthusiastically, joining hands against the terror of Dengue. Under the guidance of the Principal of the JCTCET Dr.G.Ramesh, a special rally was flagged off to spread awareness among the masses about Dengue and its preventive measures. Students did door to door campaigning, advocating the message- 'We can win against Dengue'. Students vociferated slogans and distributed informative pamphlets to the passersby to spread awareness. At the end of programme there was a photo session with Principal, faculties and students.

“Raising Awareness about Gender Equality and increasing female researchers”

JCT college of Engineering & Technology, organized the “Raising awareness about Gender Equality and Increasing Female Researchers” on 21-09-2017 by 2.30 p.m at our seminar hall around 378 students from various departments participated during the session the importance of Gender Equality and the need of precaution to be taken are explained in detail.

It is an important occasion for all of us to pause for a moment to reflect on ourselves, to appreciate how much has been done and what more needs to be done in the field of gender equality. Moreover, it is the day to acknowledge all the men and women in the world for making this world a better place for everyone to live in.

Women create a stylish way to find their own unique fashion to help designers and stylists. Modern cosmetics provide an opportunity to highlight a woman’s beauty. Today the cosmetic health and beauty industry offers a variety of means to care for the skin and body, depending on their quality, condition and age.

16. KNOWLEDGE AND PERCEPTION REGARDING PLASTIC FREE FUTURE

**Knowledge and Perception on "Plastic Free Future"
Awareness program report**

The NSS of JCTCET and Madhavani Town panchayat, pichanur, Coimbatore conducted a awareness program on **Knowledge and Perception on "Plastic Free Future"** at K.G.Chavadi, Coimbatore on 09-02-2018.

The NSS Co-Ordinator, faculty members and students of various department conducted transmission and prevention of HIV / AIDS awareness rally at pichanur to velandhavani and displayed placard about transmission and prevention of HIV / AIDS to the public.

Key points:

- ❖ Around the world, one million plastic drinking bottles are purchased every minute, while up to 5 trillion single-use plastic bags are used worldwide every year. In total, half of all plastic produced is designed to be used only once — and then thrown away.
- ❖ plastic will contribute greenhouse gases in the equivalent of 854 million tons of carbon dioxide (CO₂) to the atmosphere.
- ❖ The Marine Conservancy has predicted the decomposition rates of several plastic products.
- ❖ Plastic pollution on land poses a threat to the plants and animals - including humans - who are based on the land.
- ❖ Plastic pollution has the potential to poison animals, which can then adversely affect human food supplies.
- ❖ Due to the use of chemical additives during plastic production, plastics have potentially harmful effects that could prove to be carcinogenic.
- ❖ Plastics can also be used as vectors for chemical contaminants such as persistent organic pollutants and heavy metals.

Finally, vote of thanks was given by Mr.Subramaniam on behalf of the velandhavani, panchayat and the awareness program ended successfully.

JCTCET-YRC MEMBERS ATTENDED AN AWARENESS PROGRAMME AND SEMINAR ON HIV/AIDS

Report-Seminar on Awareness about the HIV/AIDS and TB

JCT college of Engineering & Technology on 30.11.2018 by 2.30 p.m at our seminar hall organised the **Seminar on Awareness about the HIV/AIDS and TB** around 500 students form various departments participated during the session the importance of protecting human life and the need of precaution to be taken are explained in detail

According to the Centers for Disease Control and Prevention, young people aged 13–29 accounted for 39 percent of all new HIV infections in 2009. HIV is a disease that does not discriminate. Anyone can contract this disease, which is why it is important for students to be AWARE of how to protect themselves and prevent the transmission of HIV. HIV is found in specific human body fluids.

Infection of HIV by any of the following fluids enter your body:

- Blood
- Semen (cum)
- Pre-seminal fluid (pre-cum)
- Breast milk
- Vaginal fluids
- Rectal (anal) mucous

Signs and symptoms commonly seen in the early stages of HIV include:

- Fever
- Chills
- Rash
- Night sweats
- Muscle aches
- Sore throat
- Fatigue
- Swollen lymph nodes
- Ulcers in the mouth

The HIV transmission methods are explained clearly during the seminar

18. BLOOD STEM CELL DONATION AWARENESS PROGRAM

Dear Sir,

Greetings from DATRI!

Most of us have witnessed Blood Donation Camps and many have donated blood. DID you know that you can also donate your Blood Stem Cells to save a life?

>>>>>Blood Cancer is curable. There are 1000s of patients suffering from blood cancer and other fatal blood disorders. <<<<<
They are waiting for their life-saving blood stem cell donor.

Read on to know how you can GIFT A LIFE.

Some Facts

- > There are 40 adults diagnosed with fatal blood disorders in India every day.
- > More than 10,000 children are born with Thalassemia every year.
- > A blood stem cell transplant can cure over 100 blood disorders.
- > But, the probability of finding a matched blood stem cell donor is very low. Only 1 in 10,000 to 1 in 2 million find a match.
- > If found to be a match, you could be their only cure. You may be their only hope of survival.

Agenda for the day:

1. Walk into DATRI Blood Stem Cell registry's booth when you are free and have a small chat with their associate to have a basic understanding on being a potential donor.
2. Alternatively, attend the awareness presentation by DATRI personnel
3. For registering as a prospective donor, you will then have to fill in a registration form & sign a consent form.
4. They will collect a cheek swab sample from you.

Post Action:

1. The cheek swab is sent for HLA Typing to determine your genetic code and stored in the registry.
2. Your HLA type can be a match for a patient at any point of time post registration
3. If you are found to be a match you will be contacted to donate your blood stem cells.
4. There are two ways to donate blood stem cells – via bone marrow (BM) donation or through peripheral blood stem cell (PBSC) donation
 - In case of PBSC donation - this is a simple outpatient procedure where your blood stem cells will be collected and transplanted to the patient.
 - In case of BM donation – this is performed under general anesthesia just before donating. The blood stem cells are harvested from the hip bone in this method.

Dear Sir,

This is regarding the drive conducted in JCT college of Engineering and Technology on 18/09/2017. The response from your students was wonderful. We were able to reach out to 30 number of volunteer blood stem cell donors registered with DATRI. This is a great step for the University/College and for DATRI.

We would like to thank you immensely for giving this opportunity.

Some students would have not registered on the occasion due to time constraints and impending questions. We will be happy to address them and clarify any questions on blood stem cell donation anytime. Please share the contact details email is contact@datrworld.org and toll free number 1-800-300-DATRI (1-800-300-32874).

It is our kind request that you keep us informed on future events and occasions that might be a good platform to further spread awareness about the cause.

A big thank you for this partnership. Looking forward to many such interactions with your esteemed University/College.

Thank you.

Regards,

Swathika

Blood Stem Cell Donation Awareness Program

JCT College of Engineering and Technology, Pichanur, Coimbatore and DATRI has Jointly Organised the “Blood Stem Cell Donation Awareness Program On By 18-07-2017 at Seminar all around 240 students from various departments participated during the session the importance of Blood Stem Cell Donation and the need of precaution to be taken are explained in detail.

Human blood is an essential element of human life and there are no substitutes to blood as yet. Thus safety and availability of blood and blood products is an important issue of concern. Blood can save millions of life. The requirement of blood and blood products in a country depends on the population, health-care structure, prevalence of conditions requiring regular transfusions, such as hemophilia and thalassemia; however, the problem regarding a permanent shortage of blood is observed in blood services all over the world. Volunteer blood donors account for less than half of the blood supply in developing countries; and few countries have mobilized efforts to encourage voluntary blood donation.

Such studies are needed to be carried out at all district levels across the Tamil Nadu to march toward 100% blood Stem Cell donation only on a voluntary basis in the Tamil Nadu State, which will be spread to other states in India.

Sanitary Survey

The NSS unit and JCT College of Engineering and Tehnology, Pichanur, Coimbatore our college conducted a Sanitary Survey programme on 07th and 08th September 2017 under the guidance of our beloved principal Dr.G.Ramesh at our college premises. All the NSS Volunteers were engaged in this cleaning programed.

Health is strongly correlated with water (drinking and hand washing), sanitation, and hygiene (WaSH). The significant key features of "Swachh Bharat, Swachh Vidyalaya" slogan are meant to ensure that each and every school in India has a set of functioning and well-maintained water and sanitation facilities. WaSH is referred to as the arrangement of technical and human development. It helps produce a healthy school environment and protects school children from illnesses. Its fundamental parameters are enhancement of school education and reduction in student drop-out in schools. It facilitates proper learning atmosphere in schools. Water, sanitation, and hygienic facilities are an important factor for formulating a healthy environment in schools, and it can effectively increase student enrollment, especially of girls. Therefore, the present study focused on water and toilet facilities in the state of Tamil Nadu.

The Students from Various Departments and Colleges to attend the Program nearly 1000 and activity Parctipated.

Knowledge and Perception regarding replacement of plastics in daily use

On 16.03.2018, JCT College of Engineering and Technology Pichanur, Coimbatore successfully completed the event of “**Knowledge and Perception regarding Plastic free future**” under the National Service Scheme at college campus. Trees are the foremost source for producing the oxygen in environment, they helps to reduce the level of CO₂. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees is become one of the most important aspects today. Students from various departments around 300 can be participated in this event.

The event was begun with the welcoming of guest, Coordinator; Welcome speech has been given by the Principal Dr. G.Ramesh. At that time Principal advice to volunteers to think differently for the Society to make positive changes and to make improvement, Principal introduced guest followed by the felicitation of guest.

He also said that the dedication is must to accomplish the goals and dreams in life. he also address the volunteers and passed a message of kindness & being helpful to the needy people.

**"Knowledge and Perception regarding HIV & AIDS"
Awareness program report**

The NSS of JCTCET and Madhukarai Town panchayat, K.G.Chavadi, Coimbatore conducted a awareness program on **"Knowledge and Perception regarding HIV/ AIDS"** at Pichanur, Coimbatore on 17/02/2017.

The NSS Co-Ordinator, faculty members and students of various department conducted transmission and prevention of HIV / AIDS awareness rally at pichanur to velandhavalam and displayed placard about transmission and prevention of HIV / AIDS to the public.

Key points:

- ✦ India has the third largest HIV epidemic in the world, with 2.1 million people living with HIV.
- ✦ India's epidemic is concentrated among key affected populations including sex workers and men who have sex with men. The National AIDS Control Programme, however, has made particular efforts to reach these two high-risk groups with HIV interventions.
- ✦ Compared to neighbouring countries, India has made good progress in reducing new HIV infections by half since 2001.
- ✦ Despite free antiretroviral treatment being available, uptake remains low as many people face difficulty in accessing clinics.

NSS AND MISSION MAKING SMILE CHARITABLE TRUST IN ASSOCIATION WITH CMC HOSPITAL, COIMBATORE CONDUCTED A BLOOD DONATION CAMP

NSS AND MISSION MAKING SMILE CHARITABLE TRUST IN ASSOCIATION WITH CMC HOSPITAL, COIMBATORE CONDUCTED A BLOOD DONATION CAMP ON 22.03.2017, JCT CET

JCT College of Engineering and Technology – National Service Scheme and Mission Making Smile Charitable Trust in association with Government Medical college Hospital, Coimbatore conducted a blood donation camp in the premises of JCT College of Engineering and Technology on 22.03.2017.

The blood donation camp was started at 10:30 am with Dr.G.Ramesh, Principal, JCTCET presiding the camp in the presence of Dr.S.VenkatesaPrabhu HOD-Petroleum, Program Chairperson, Mr.Navneeth Rajesh Kumar, Secretary, Mission making smile charity trust, and Mr.M.S.SamuelMourish, Event manager.

A well experienced medical team from the Government Medical college Hospital, Coimbatore arrived in the premises of JCT CET for the blood camp at 10:30 am. The camp was started with the active donors donating their precious blood. With flooding donors the blood donation camp continued till 2:30 p.m. at the seminar hall of JCTCET. A total of 86 units of blood were collected from the donors. All the blood donors were given refreshments including Juice, Biscuits, Glucose and Fruits.

JCT COLLEGE OF ENGINEERING AND TECHNOLOGY**PICHANUR, COIMBATORE – 641105****Blood Donation Camp**

JCT College of Engineering and Technology conducted a BLOOD Donation Camp in the campus under National Service Scheme (NSS) in association with the KG Hospital on 13.02.2015. As students from many of Department nearly 120 should be attending the blood Donation Camp along with faculty Members.

The NSS unit planned and organized this event and to their surprise the response was huge. Many students voluntarily came up to donate the blood. The KG Hospital helped the organizers to conduct a camp as such in the college.

NSS Programme Officer said” We are happy to conduct such a drive in our college and we are quite surprised by the response of the students. We wish to conduct many such events in the college and also would make sure to conduct this camp every year in our college. Many checkups for blood pressure and other tests were conducted by the doctors.

We take the opportunity to thank To KG Hospital organizers of the wonderful blood Testing Camp event successfully.

Coimbatore.

Respected Sir/Madam,

Warm Greetings from District AIDS Prevention and Control Unit (DAPCU)

Sub: Requesting for Organizing Voluntary Blood Donor Campaign and Blood
Donation Camps - TANSACS - IEC - Red Ribbon Club (RRC) - Voluntary
Blood Donor Registration for the year 2016-17-Reg

Ref: The Project Director/TANSACS/.Ref No.5168/IEC/YP-RRC/2016 dated
08.09.16

Tamil Nadu State AIDS Control Society (TANSACS) has launched the online blood bank management system (<http://www.tngovbloodbank.in>) which helps public to access and to know about the blood stock position of Government Blood Banks on daily basis. It also provides opportunity for interested volunteers to register themselves as Voluntary Blood Donor. In order to strengthen the Voluntary Blood Donor Registry of the district, DAPCU has planned to organize as an activity in all Colleges in Coimbatore district. Therefore I am requesting you to support TANSACS programme for providing awareness on HIV/AIDS, organizing blood donation camps and registering students under Tamil Nadu portal (<http://www.tngovbloodbank.in>) as voluntary blood donors through NSS/RRC programme. In addition with that Blood grouping activity also done.

Kindly we expect your cooperation and support.

Thanking You,

Yours Faithfully,

RVM.Kumanan

Report on Campus cleaning(JCTCET)

The NSS unit of our college conducted a campus cleaning programme on 10th August 2015 under the guidance of our beloved principal Dr.G.Ramesh at our college premises. All the NSS Volunteers and around 785 students of JCTCET were engaged in this cleaning programme.

All the NSS Volunteers and students were engaged in this cleaning programme. The NSS officer divided the NSS Volunteers into several groups. Each group members were allocated with a particular area for cleaning. Three groups were asked to collect all the stones from the ground separately in different sacs. The renewable such as dry leaves, twigs, papers etc. and nonrenewable wastes such as carry bags, plastic items etc. were collected separately. The renewable waste was collected and burnt. At the end the NSS volunteers as well as the students were provided snacks.

Tree Plantation

On 28.07.2016, JCTCET, Pichanur, Coimbatore successfully completed the event of Tree Plantation under the National Service Scheme at college campus. Trees are the foremost source for producing the oxygen in environment, they helps to reduce the level of CO₂. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees is become one of the most important aspects today. Nearly 950 Students participating in this event successfully.

The event was begun with the welcoming of guest, Coordinator; Welcome speech has been given by the Principal Dr. G.Ramesh. At that time Principal advice to volunteers to think differently for the Society to make positive changes and to make improvement, Principal introduced guest followed by the felicitation of guest.

Coordinator orients the NSS volunteers by notifying the importance of NSS for them as well as society. He shared his past experiences with volunteers that how he got the success through NSS and what difficulties he faced while performing his role as Programme Officer. He said that "In society all the human beings are comprise equal importance, no matter with the Men or Women." He also said that the dedication is must to accomplish the goals and dreams in life. he also address the volunteers and passed a message of kindness & being helpful to the needy people. All were happy and experience proud after the tree plantation event was finished, because it really feels great to do positive for the nature.

THE PRINCIPAL,
JCT College of Engineering & Technology,
Pichanur,
Coimbatore - 641 105,

Dear Sir,

We would like to conduct a voluntary blood donation camp and free blood grouping camp for the staff and students of your College.

We issue blood to over 250 Hospital and Nursing Homes in Coimbatore as well as neighbouring districts and even Kerala. In turn, we depend on blood donation camps to enable us to meet the needs of thousands of patients. The blood of all voluntary donors is screened for the following transmittable diseases before being issued to a patient : HIV (AIDS), HBsAg (hepatitis B), HCV (Hepatitis C), VDRL (Syphilis), MP(Malaria), Hb (Haemoglobin) and SGPT (a liver function test).

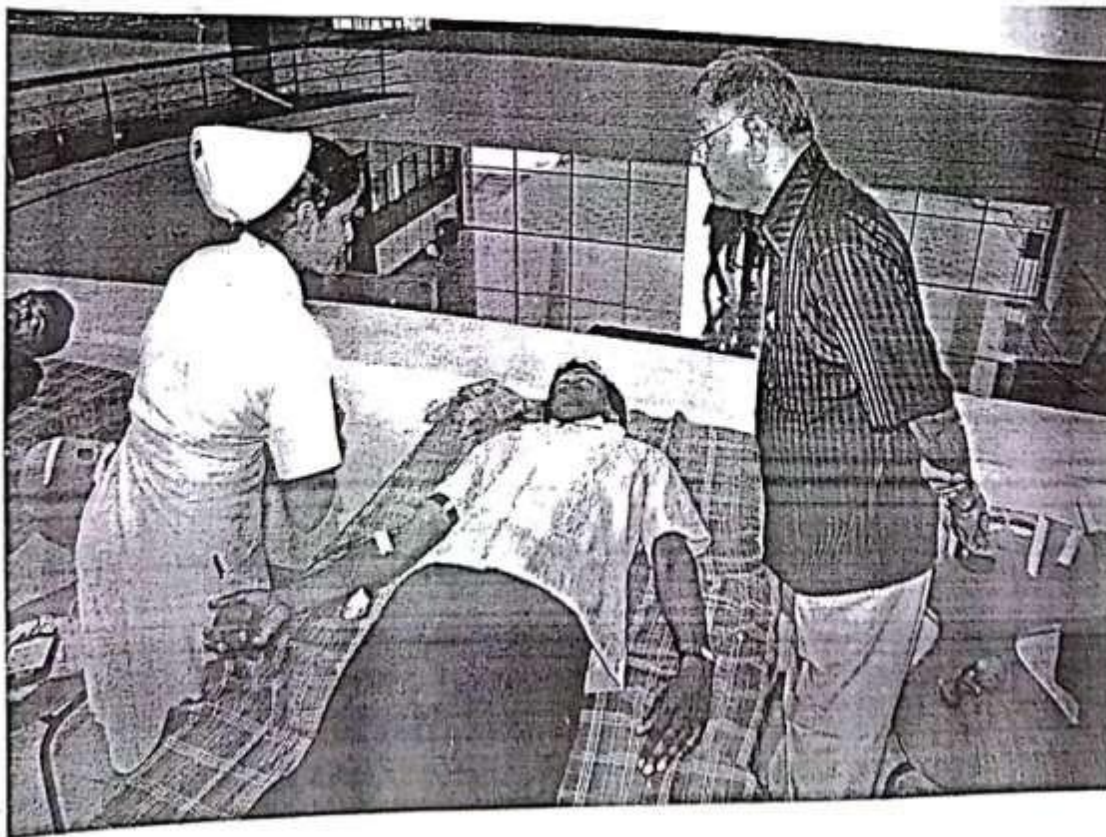

All donors are given a certificate of appreciation and a donor I.D card. The donor card entitles the donor to avail of a 25% concession on all laboratory investigations, X-rays and US scan and also free consultation at K.G Hospital for a period of one year from the date of donation, on production of their I.D. Cards.

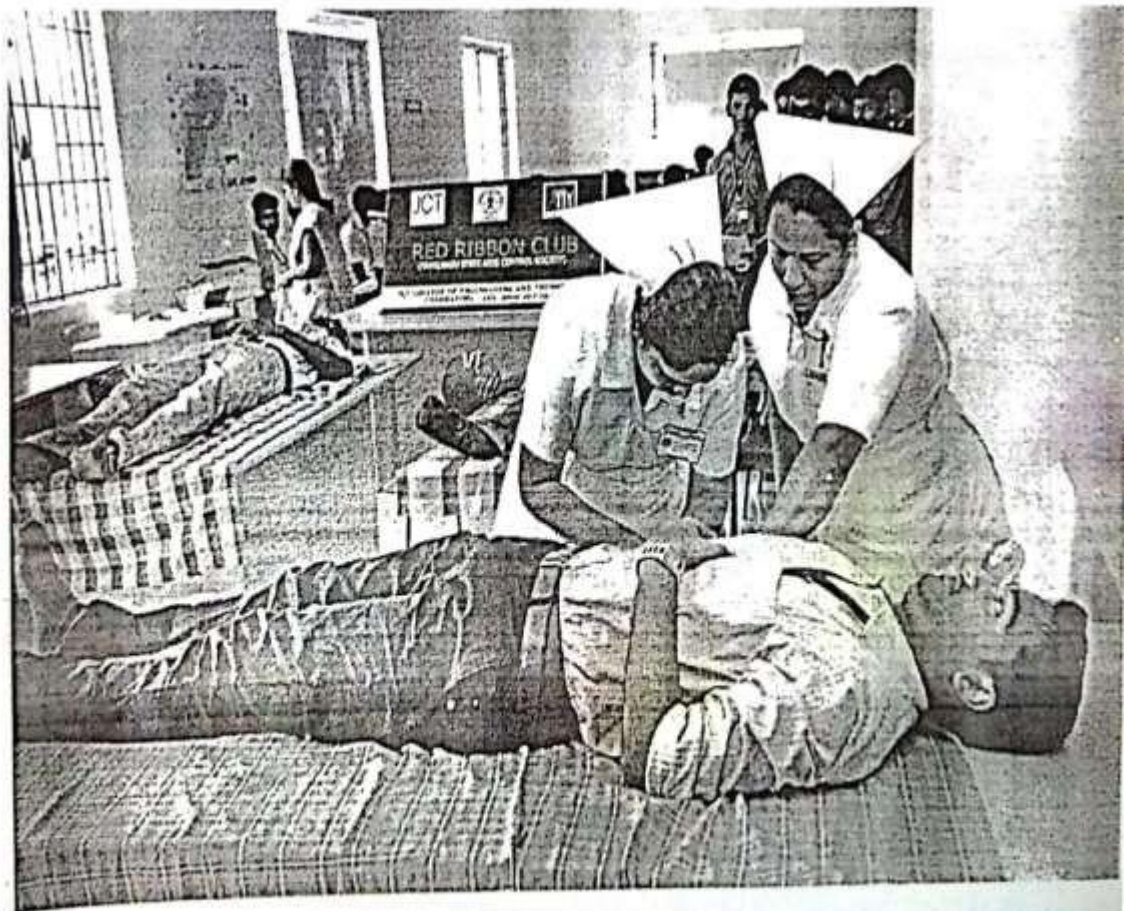

We look forward to your favourable reply.

Thank you,

Yours sincerely

Report on Dengue Awareness Program

With the aim of combating the deadly disease Dengue, DAV Centenary Public School, Paschim Enclave organized a special DENGUE AWARENESS CAMPAIGN as on 11.02.2015. The day saw students and teachers of the school participating enthusiastically, joining hands against the terror of Dengue.

Under the guidance of the Principal of the school Ms. Manju Malik, a special rally was flagged off to spread awareness among the masses about Dengue and its preventive measures. Students did door to door campaigning, advocating the message- 'We can win against Dengue'. Students vociferated slogans and distributed informative pamphlets to the passersby to spread awareness.

Dr. Anshu Asri, Medical Officer of the school conducted a workshop on the day to acquaint the students and teachers about the symptoms, preventive and remedial measures of Dengue, thereby encouraging the students to spread awareness about the disease among the masses.

At the end of programme there was a photo session with Principal, teachers and students. Around 600 students will be participating in this awareness program to attend smoothly

WOMEN EMPOWERMENT CELL GUEST LECTURE REPORT

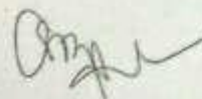

The Women Empowerment Cell conducted Guest Lecture on the topic of **"Roles of women in the upliftment of family and society"** in JCT college of Engineering & Technology on the forenoon of 20.02.2015 for the academic year 2014-2015. The function started with a prayer song by the students.

The chief Guest Dr. Janaki B.Sc., M.Sc., M.Phil., Yoga from Patanjali Yoga Studio inaugurated the ceremony. Mrs. Vedha Vinodha.D, Assistant Professor of ECE department welcomed the guest and addressed the gathering. Ms.K.Kavithamani Assistant Professor of Maths department gave the Presidential address.

In her presidential address, Ms. K.Kavithamani shared about the Role of Women in the Family. Upon completion of Presidential Address Ms.Navaneetha, Assistant Professor, Civil Department introduced the Chief Guest Dr. Janaki B.Sc., M.Sc., M.Phil., Yoga. After the introduction of the Chief Guest Ms. Saraswathi.P, Assistant Professor, Chemistry Department honored the Chief Guest.

The Chief Guest shared her valuable points on Roles of women in the upliftment of family and society; she also emphasized where women can make decisions of their own for their personal benefits as well as for the society. A live and effective interaction was done between the students and the guest.

The vote of thanks was delivered by Ms.Tamilselvi.S, Assistant Professor, ECE Department and Secretary of Women Empowerment Cell. The function ended with the National Anthem.

PRINCIPAL
