TO WHOMSOEVER IT MAY CONCERN

It is to state that in each of the following Memorandum of Understanding (MoUs) the end date has not been mentioned because the collaborating Industries/Institutions and JCT College of Engineering & Technology will jointly work towards the common cause with definite vision and missions on **Long term** perspectives. As stated in the paragraph 7. Disclaimer, both the parties meet periodically for extending the scope and the period of co-operation. Also it is stated that, all the following MoUs are functional as on date.

S. No.	Industries/Institutions	Years

MEMORANDUM OF UNDERSTANDING (MOU)

BETWEEN

WETHE5PILOTS, Coimbatore

&

JCTCET, Coimbatore

THIS Memorandum of understanding is made and executed at Coimbatore on this 14th Day of February Two Thousand and Nineteen by and between:-

1. **WeThe5Pilots Research Labs and Consulting Services**, with registered office at 18-1 / 57 A, Jai Nagar, Kavundampalayam, Coimbatore - 641 030 Tamil Nadu hereinafter called as the COMPANY,
2. **JCT College of Engineering and Technology**, located at Pichanur Post, K G Chavadi, Coimbatore, Tamil Nadu, India hereinafter called as the INSTITUTE,

The Company and the Institute Mutually agree to work on programs focused on building the skills to foster ideation, prototyping and product development.

About the Institution

Shri Jagannath Educational Health and Charitable Trust was established by renowned and philanthropic people with an objective of providing education to all especially the down trodden and rural population.

The Management strives hard to enhance the professional knowledge, skills and attitudes of educators, so that they might in turn improve the learning process of students. The college vision is to emerge as a Premier Institute for developing industry ready engineers with competency, initiative and character to meet the challenges in global environment.

WeThe5Pilots

About the Company

WeThe5Pilots Research Labs and Consulting Services is an Aero Sciences company. We are headquartered in Coimbatore. We work on Engineering. Our offerings are Research and Development, Engineering and Skill Development areas.

The Company's flagship offering is to build a vibrant community to empower Aero-Science enthusiasts. We have Clubs, Community Center and Community Labs with a VISION to write history of creating, championing, and continually improving Aero Science Domain.

Company Offering

The goal of the company is build a Aero Science community. The community will be a collection of Scientists, Thought Leaders, Specialists and Subject Master Experts, Established Company personnel, Startups, Educators, Students and Enthusiasts.

The *relationship* of the intellects will foster fruitful interactions, seamless exchange of ideas, creating passionate think-tanks, embossing innovative thinking and fostering insightful problem solving. The value additional outcomes of the community will be as follows:

1. Collaborative Research

Collaborative research efforts with various departments of the institutes on the projects from the company and peer community members to work together on projects. The goal is to foster innovation and rapid prototyping leading to a market ready minimal usable product.

2. Career Guidance

2.1 Students Of Classes IX- X

Setting the basics right to solve the confusions that arise at a later stage of education. The outcome is to choose the correct stream and the correct board and mapping career goals. The impact here is to make the right start with the right time.

- Page 2 -

WeThe5Pilots

2.2 2.2 Students Of Classes XI- XII

One's stream offers enormous amount of possibilities in the related field. The career guidance from an informed and experienced mentor is an offering.

2.3 College Going Students / Working Professionals

To attain maximum results, the best of opportunities and ways to do the best in the field to make them strong, motivated and excited throughout their professional lives.

3. Internship Connects

- 3.1 Connect to right internship offerings with the companies around.
- 3.2 Guidance relating to academic interests, talent enrichment and career possibilities
- 3.3 Assistance with creating or editing a resume and preparing for a workplace interview

4. Value Added Programs

To stay abreast of the industry standards, value added program offerings which are a part of the curriculum or as an additional program. The purpose of the program is to impart the professional knowledge with relevant certifications to increase employability.

5. Showcase Arena

An exclusive member only area in the community for the members to showcase their projects and publications to increase their value.

6. Contest Updates

Give updates and possible access to the contest across the globe.

7. Ideation to Incubation

Support the ideation with the technical and process mentoring and prototyping support wherever applicable through possible industry connects.

8. Startup Support

PRINCIPAL

JCT College of Engineering & Technology
Pichanur, Coimbatore-641105

- Page 3

Principal

WeThe5Pilots

Give best of class business mentoring and support through the use of right tools from the business plan, social media marketing strategy, execution and leadership. The mentoring program will accelerate the process from ideation to startup.

9. Peer Connect Access

A decentralized network to connect peers to interact and collaborate with each other. The connects could lead not limited to career connects, fostering innovations, idea showcase, business connections and mentoring.

Method of Working

Subject to and in consideration of the mutual promises, conditions, and agreements contained herein, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. INFRASTRUCTURE. The institute upon the request from the company will provide the required infrastructure for the training and prototyping which may include a training room with projector, computers, high speed internet connection and a writing board.
2. CONSULTING PROJECTS. The company agrees to Create a collaborative working group which will act as a liaison to undertake joint projects.
3. STARTUP TRANSITION. The company shall foster Startup prototype development and product positioning.

- 3.1. Whereas the company will limit the support to mentoring in case of the idea being proposed and developed by the cohort members.
- 3.2. Whereas the company does not guarantee any specific startup outcome from any or all the prototyping members.
- 3.3. Whereas the company shall mentor and coach the processes involved in prototype to startup transition.

4. CONFIDENTIAL INFORMATION. The institute agrees to hold all confidential information disclosed to it by the Company and its associates in strict confidence and will not disclose or use the confidential information for its benefit or the benefit of any other party.

ANNEXURE - A

C.L.I.P (Community Learning Inspired Prototype)

What do we do in CLIP?

We build a community of students and faculty, train them in technology and strategies specifically filling the industry gap between prototype to product marketing.

What are the technologies you focus on?

We focus on any open source technology. For the moment, our Full Stack Web Developer Cohort will be trained in Ubuntu - Linux, Lucee and MySQL. We also have IoT focused roadmap to be introduced in the near future.

Is there any money involved in this initiative?

No, we don't charge any money.

What is your Engagement Model?

We sign up an MoU with like-minded Educational Institutes and work along with them.

What happens to the prototypes?

Once the prototypes are built, if we find good talent aligned to our vision, we co-work with them to transition the products into startups.

Do you focus on Non-Technical areas?

Yes, we have one Marketing program which involves no coding. But definitely the usage of a computer is mandatory.

What are the Non-Technical outcomes?

Whitepapers, case-studies, best practices, consulting / services startups.

What is the duration of the Training / Project?

We work on a 40-hour training and a 120-hour prototyping cohort which will span for 90 days.

What is in it for the Candidate getting trained?

Clear exposure to relevant technologies and the strategy to develop his product.

Who holds the IP for the Prototype for the Candidate's Idea?

The Candidate, the company will only help to build the prototype.

Who holds the IP for the Prototype for the Company's Idea?

The Company. However, the candidate could be offered to join the team in case of a startup transformation.

1. **Relationships:** Both the parties will strive to build long- term relationship by involving one another as Guest of Honours at all functions like technical seminars, symposiums, and cultural and promotional events.
2. **Research:** Primary purpose of this MoU is to introduce the advanced research at their own areas of operation of both the parties. Accordingly, any support by way Technical Consultancy (Expertise) Literature supports (library, advanced software in laboratories) infrastructure supports (Laboratories and workshops) and other logical supports may be availed to the extend of maintaining secrecy and non-violation of intellectual property rights of both the parties. Either party can opt for augmentations of any facility with mutual consent on investments and utilization. Subsequent agreements may be made whenever required. Principal/ JCTCET shall provide all infrastructure facilities, laboratories and workshops for research work. However, the cost involved if any, on consumables and labours in conducting experiments shall be charged at mutually agreed rates. Any significant outcome of any joint research or developmental activities, arising out of the project works shall have equal right to patent the development with due acknowledgement of other party's contribution. Commercial exploitation if any shall be shared proportionately with mutual agreement.
3. **Awards & recognitions:** Third party recognition and awards are the healthier way of encouraging our own manpower and its excellence. Both parties can institute few awards, medals and citations etc. (in equal number) to appreciate the credential of the other parts at a common or exclusive functions and for.
4. **Consultancy:** Dedicated staff on both sides/parties shall act as the Consultant/Outsourcer and Technical supporter to one another at all technical, administrative, management and R & D areas. The knowledge sharing by consultancy by the expert members are available at nominal of cost at regular college/office working hours. Consultancy off the working hours, if any, may be charged accordingly. Industry side may provide software training to students of Petroleum Engineering department(storage vessel design)

PRINCIPAL

JCT College of Engineering & Technology
Pichanur, Coimbatore - 641105

5. **Human Resource & Training:** Human resources at both sides shall be strengthened by way of conducting workshops/Lectures/Study camps at regular intervals. Both parties shall organize regular/routine training programmes to various levels of Technical and managerial manpower of all disciplines at very nominal costs at their respective premises.

6. **Testing & Validation:** Principal/JCTCET shall extend all testing and validation supports. Principal/JCTCET will also initiate action for establishing certified testing centres at its premises with the approval of the appropriate authority and government agencies.

7 **BENEFITS OF MoU:**

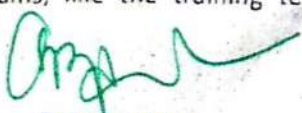

The students will be given knowledge on any of the following based upon the programme conducted:

PETROLEUM ENGINEERING

- Guest Lectures
- National Level Technical Seminars and Workshop
- Innovative Seminars and Workshops
- Industrial Training Programmes
- Speech by Industrial experts
- IPT's
- Case studies(Storage vessel Design)
- Technical course

Note: All programmes are chargeable at nominal rates to the mutually agreed upon by both the parties

8 **Employment:** The industry shall freely engage the student manpower for any of their R & D activities at their works under various schemes like in-plant training mini/major projects etc for the benefit of both sides equally. The industry shall give due preference to the students for all its recruitment needs such as apprenticeship, temporary, semi - permanent and permanent opportunities arising during the period of this MoU. The industry will be the permanent guests of honour of the apprenticeship at all institutional programs, like the training technical seminars, cultures and other celebrations.

WHEREAS:

- A) First Party is a Institution named:
(i) **JCT Group of Institutions**
- B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- C) The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.
- D) Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.
- E) Consortium of CDE, the Second Party is engaged in Business, Manufacturing, Skill Development, Education and R&D Services in the fields of *-Upstream-Midstream-Downstream Hydrocarbon Value Chain & Natural Renewable Energy* and related fields
- F) Consortium of CDE, having its operating and key office at 506, Cresnet Towers, opposite infinity mall, near moray house lane, New Off link Road, Andheri West, Mumbai - 43
- G) Give related information, its branches, and dimensional information about the industry concerned with whom the MoU is sworn.

NAVNEETH RAJESH KUMAR
FOUNDER & CEO
ENERGIVO OIL & GAS

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO AGREE AS FOLLOWS:

**CLAUSE 1
CO-OPERATION**

- 1.1 Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings. The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.

PRINCIPAL
JCT College of Engineering & Technology
Pichanur, Coimbatore - 641105

- 1.2 The co-operation of First and Second Party shall facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.

PRINCIPAL
JCT College of Engineering & Technology
Pichanur, Coimbatore - 641105

- 3 The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2
SCOPE OF THE MoU

- 2.1 The budding graduates from the institutions could play a key role in technological up-gradation, innovation and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
- 2.2 **Curriculum Design:** Second Party will give valuable inputs to the First Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
- 2.3 **Industrial Training & Visits:** Industry and Institution interaction will give an insight into the latest developments / requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working career. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.
- 2.4 **Research and Development:** Both Parties have agreed to carry out the joint research activities in the fields of **Hydrocarbon Value Chain of Upstream-Midstream-Downstream sectors and Natural Energy Resources.**
- 2.5 **Skill Development Programs:** Second Party to train the students of First Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
- 2.6 **Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in house requirements.
- 2.7 **Faculty Development Programs:** Second Party to train the Faculties of First Party for imparting training as per the industrial requirement considering the National and International Occupational Standards in concerned sector, if available.
- 2.8 **Placement of Trained Students:** Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs; and will facilitate placements for at least 5% of the students. The Second Party will itself absorb at least percentage of the trained students.
- 2.9 Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
- 2.10 There is no financial commitment on the part of the **JCT institution**, the First Party to take up any program mentioned in the MoU. If there is any financial consideration, it will be dealt separately.
- 2.11 Second party to conduct **short term courses**, as mutually agreed in writing between the parties prior to commencement of this activity.
- 2.12 Second party to conduct **study tours**, a mutually agreed in writing between the parties prior to commencement of this activity.

AND WHEREAS

The parties herein now intend to enter into this MoU to facilitate the following objectives through orientation and development for their mutual benefit.

OBJECTIVES/PURPOSE OF THIS MOU:

- (i) To improve the skill set of engineering students in Solar Energy
- (ii) To bridge the gap between college education and industrial requirement.
- (iii) To provide opportunities for the Electrical and Electronics Engineering (EEE) students of the college to undergo industrial trainings through Value Added Courses, In Plant Training and to take up project.
- (iv) To organize the short term training programs on Solar Panel Installation
- (v) To provide In Plant Training and project help for the students.

ROLES AND RESPONSIBILITIES OF THE MOU SIGNING COMPANY:

- (i) The Industry shall permit the faculties designated inside their campus for interaction and development of the project.
- (ii) The Industry agrees to participate in curriculum / extra curriculum designing and give a guest lectures for the benefit of students.
- (iii) To organize short term training programs on Solar Panel Installation.
- (iv) To organize Value Added Courses/Workshop/Seminar once in six months to Electrical and Electronics Engineering (EEE) students of the college to enlighten them on the solar energy projects development.
- (v) To supply tools/techniques to the college
- (vi) To provide opportunities for the Electrical and Electronics Engineering (EEE) students of the college to undergo industrial trainings, in plant visits and to take up project works.
- (vii) To provide Internship for best performing Individuals.
- (viii) To identify and help the college in the area of taking up R & D projects.
- (ix) The Company will provide opportunity for placement to the students, if demand exists.

ROLES AND RESPONSIBILITIES OF THE COLLEGE:

- (i) JCT College of Engineering and Technology will permit the MAS SOLAR SYSTEMS PVT. LTD to utilize their facilities.
- (ii) To create the awareness among the students about Renewable Energy Recourses- Solar Energy.
- (iii) To undertake consultancy works.
- (iv) To provide class rooms /LCD Projectors and audio facilities and laboratory facilities as required for the training.

For MAS Solar Systems Pvt Ltd

K. Suresh
Managing Director

PRINCIPAL
JCT College of Engineering & Technology
Pichanur, Coimbatore, 641108

- (v) To train the employees for latest technologies and techniques
- (vi) To impart theoretical and practical skills to the employees.
- (vii) JCT College of Engineering and Technology further agrees to provide their students for market survey and feasibility study analysts work etc, in liaison with the industry in a mutually agreed time frame.

INTELLECTUAL PROPERTY RIGHTS (IPR)

JCT College of Engineering and Technology faculty shall maintain integrity of the technique / technology of MAS SOLAR SYSTEMS PVT. LTD. products and process observed during their visit and consultancy work.

TIME FRAME:

This MOU is valid for 3 years from the date of signing and will be renewed for a further period on mutually agreed terms and conditions.

In witness whereof the parties hereto have affixed their signatures to this agreement on this day.

AND whereas the party of the first part is engaged in the business of *Essential of Piping Technology & Simulation Software(CFD)* WHEREAS the party of the second part is running an Engineering College offering various UG and PG degree courses to the student community.

PRINCIPAL

JCT College of Engineering & Technology
Pichanur, Coimbatore - 641105

This MOU is signed and entered with the objectives of developing and strengthening better industry-academia linkages for mutual benefit. The two parties will jointly work towards the common cause with a spirit of trust and intentions of long and short term perspectives.

CLAUSES OF MOU

1. **Relationship:** Both the parties will strive to build long term relationship by involving one another as the guest of honour at all functions like technical sessions, symposiums, Cultural and Promotional events, National & International events. Functions organized by either party be requested by other party once a year as a guest.
2. **Research:** Primary purpose of this MOU itself is to involve in the advanced research in their own areas of expertise of both parties. Accordingly any supports by way of Technical Consultancy (Expatriate) literature supports (Journals), advanced software's in computer (labs) infrastructure supports (Laboratories and workshops) and other logical supports may be availed to the extent of maintaining secrecy and intellectual property rights of both parties. Either party can opt for augmentations of any facility with mutual consent on investments and utilization. Subsidiary agreements may be made wherever required. JCT & IIT shall provide all infrastructure facilities, labs and workshops. However the cost involved if any in consumables and labours in conducting experiments shall be charged at actual with mutual agreement in advance. Any significant outcome of any joint research or development activities, arising out of project works shall have equal right to patent the development with due acknowledgement of other party's contribution. Commercial exploitation if any shall be shared proportionally with mutual agreement.
3. **Awards & recognitions:** Third party recognition and awards are the healthier way to encourage our own manpower and its excellence. Both parties can institute few awards, medals and citation etc. (in equal no.) to appreciate the other's professionals at a common or exclusive functions and forum.
4. **Consultancy:** The dedicated faculties on both sides (party) shall act as the consultant/outsourcee and Technical supporter to one another at all technical, administrative, management and R & D areas. The knowledge sharing by consultancy of the expert members are available at free of cost at the regular college/office functioning hours. Consultancy off the college/office hours if any may be charged accordingly.
5. **Human Resource & Training:** Human resources at both sides shall be strengthened by way of conducting workshops/lectures/study camps at a regular interval. Both parties shall organize regular/routine training programme to various levels of Technical and managerial manpower of all discipline at a very nominal costs at their respective premises.

MEMORANDUM OF UNDERSTANDING (MoU)

Between

JCT College of Engineering and Technology

&

Avatar Academy – Networking & Security

Engage Your Knowledge Connection
AVATAR
ACADEMY
Networking & Security

This is a Memorandum of Understanding between the JCT College of Engineering and Technology having registered office at Pichanur, Coimbatore – 641 105 and the Avatar Academy – Networking & Security having their registered at Near Collector office, No:3/1, 1st Floor, Buddhar Street, Teachers Colony, Erode – 638011.

Page 1 of 4

PRINCIPAL
JCT College of Engineering & Technology
Pichanur, Coimbatore-641105

I. Purpose and Scope

The purpose of this MoU is to clearly identify the roles and responsibilities of each party as they relate to the implementation of the Avatar Academy Networking & Security placement training at JCT College of Engineering and Technology. The Avatar Academy Networking & Security is intended to provide placement training to JCT College of Engineering and Technology students through real-time networking class devices. To support this goal, JCT College of Engineering and Technology and Avatar Academy Networking & Security will work together to conduct training program that meets students technical knowledge in networking and security domain.

In particular, this MoU is intended to establish clear guidelines regarding the training program that will be conducted at the premises of the JCT College of Engineering and Technology.

II. BACKGROUND

The Avatar Academy Networking & Security will provide placement training for the students which will enhance their ability to meet the MNC Company's requirements in the networking and security technologies.

III. JCT COLLEGE OF ENGINEERING AND TECHNOLOGY RESPONSIBILITIES UNDER THIS MoU

JCT College of Engineering and Technology shall undertake the following activities:

- Provide students for training at regular time
- Provide classrooms and lab session as required
- Allow networking devices incubator lab to install in computer centre

PRINCIPAL

JCT College of Engineering & Technology
Pachanur, Coimbatore - 641105

IV. AVATAR ACADEMY RESPONSIBILITIES UNDER THIS MoU

Avatar Academy - Networking & Security shall undertake the following activities:

- * Provide networking & Security training Course. Cisco CCNA-B&S in 60hours (6hrs/Week)
- * Provide equipments required to complete the project (Stock list details enclosed).
- * Be in attendance for any events coordinated through this partnership.
- * Verify hours completed by each ICT College of Engineering and Technology participants.
- * Complete an evaluation of each ICT College of Engineering and Technology participants.
- * Course completion certificate provide to participants

VI. FUNDING

This MoU include the exchange of funds between ICT College of Engineering and Technology to Avatar Academy - Networking & Security.

The total collected training fee amounts will be provided to the Avatar Academy - Networking & Security, Erode.

Training Fee : Rs. 5,000/- (Per Student)

VII. RECORD RETENTION

All records must be retained for one (1) year following this event. This requirement applies to all information regarding this Program. Supporting documentation may be kept at the Avatar Academy - Networking & Security and must be available for review for one (1) year from the date of MoU.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MoU) entered into and executed at Coimbatore on 07-04-2017

BETWEEN

ProSIM R & D Pvt.Ltd.,, represented by Mr.Umesh Chandra, Managing Director, #4, 1st 'B' Mai, 1st 'N' Block, Rajaji Nagar, Bangalore-560010. Repugnant to the context or meaning there of will include its successors-in-interest and assigns on the second part.

AND

JCT College of Engineering and Technology, an educational institution having its campus at, Pichanur, Coimbatore represented by its **PRINCIPAL Dr.G.RAMESH**

BACKGROUND:

ProSIM is a simulation technology based R&D and engineering services company. Company is focused on delivering high-end simulation solutions/services and the company's customers are from wide range of industries including in Energy, defense, and general engineering. Company has developed into a trusted brand in high end services (Ex: seismic evaluation of nuclear power plants; remaining life assessment analysis of power plants, fitness for service of oil and gas assets, indigenization of defense systems etc.). Based on this traction company has the ambition of being among the top players in the space.

Generate Sales of various Mechanical & Electrical simulation (CAE) software products, and services regarding those products for the Foundry industry / Electrical equipment manufacturing industry / Energy sector.

- To visit prospects, clients and to create new pipeline.
- To gather technical requirements of the prospects.

AND WHEREAS

The parties herein now intend to enter into this MoU to facilitate the following objectives through orientation and development for their mutual benefit.

OBJECTIVES/PURPOSE OF THIS MOU:

- (i) To improve the skill set of engineering students in R&D services to develop innovative products and processes
- (ii) To bridge the gap between college education and industrial requirement.
- (iii) To provide opportunities for the Electrical and Electronics Engineering (EEE) students of the college to undergo industrial trainings through Value Added Courses, In Plant Training and to take up project.
- (iv) Prosim assists corporates to help train their engineers in latest of technology and also engineering fundamentals.
- (v) To provide In Plant Training and project help for the students.

ROLES AND RESPONSIBILITIES OF THE MOU SIGNING COMPANY:

- (i) The Industry shall permit the faculties designated inside their campus for interaction and development of the project.
- (ii) The Industry agrees to participate in curriculum / extra curriculum designing and give a guest lectures for the benefit of students.
- (iii) To organize Value Added Courses/Workshop/Seminar once in six months to Electrical and Electronics Engineering (EEE) students of the college to enlighten them on the Manufacturing process development / optimization.
- (iv) To supply tools/techniques to the college
- (v) To provide opportunities for the Electrical and Electronics Engineering (EEE) students of the college to undergo industrial trainings, in plant visits and to take up project works.
- (vi) To provide Internship for best performing Individuals.
- (vii) To identify and help the college in the area of taking up R & D projects.
- (viii) The Company will provide opportunity for placement to the students, if demand exists.

Memorandum of Understanding

This agreement is made on September 21, 2016 between 3W TECHNOLOGIES, an Authorized Training and Certification centre for Autodesk and PTC situated at Coimbatore, Tamilnadu (Here in after referred to as the second Party) and JCT College of Engineering, (Here in after referred to as the first Party)

Now this agreement witness as follows:

01. That the first party is an AICTE approved engineering college with a valid AICTE approval contract ID-No. _____ to conduct the technical programs at the mentioned college site of _____.

02. That the 2nd Party is an Authorized Training Centre of Autodesk™ to impart Engineering based training to the students of UG and PG of the first party which will serve as an incubation center for the second party within its campus.

JCT College of Engineering & Technology
Pichanur, Coimbatore - 641105

03. Utilizing the first party's trained student base resource, the second party will outsource web application projects to the same.

Signature of 3W Technologies

04. All business dealing with the clients in concern with this specific incubation center will be transparent with the first party.

05. During the course of dealing, attempts to contact with the clients without the authorization of the second party will not be permitted.

06. The second party will hold no responsibility in providing any kind of compensation or stipend to the resources used of the first party.

07. Complete infra required to carry out successful completion of the outsourced project will be provided by the first party.

08. All software used by the first party for the completion of the outsourced projects will be open source software.

09. During the course of dealings, both the first party and the second party will not employ any resources from each other.

10. For projects completed, the ratio of profit sharing between both the parties will be [60 (1st Party) 40 (2nd Party)]

11. On completion of Internship, the second party will do its utmost in placement assistance to all trained under them.

12. of the performers; the best of which will be taken on by the first party based on present requirement.

13. Payments for the training will be collected based on duration of the course of training:
Duration: 30 Days; Installment: 50% (on Initiation); 50% (Midsession)

Duration: 30+ Days; Installment: 50% (on Initiation); 25% (Midsession); 25% End of Session

The second party will make sure that Time schedule and Charges for the training and certification program will be finalized by discussing with first party ensuring not disturbing the curriculum. J.W. TECHNOLOGIES assure first party for the quality industry oriented training program and will be happy to provide all kind of support for Training and Placement Services.

14. Any alteration, addition or modification is there on this agreement should be in writing and signed by both the parties.

15. **DURATION:** The duration of this Agreement shall be for a period of 4 years from _____ If not renewed or amended in writing the same shall be considered as expired and terminated.

16. **TERMINATION:** This agreement shall take effect immediately on the execution of these:

Any notice, request or other communication required or permitted to be given or made under this agreement to first party or second party shall be in writing. Such notice or request shall have been given to the address specified below or at such other address as such party shall have specified in writing for giving such notice or making such request.

JCT College of Engineering & Technology
Pichanur, Coimbatore - 641105

OBJECTIVE PURPOSE OF THIS MOU:

- (i) To improve the skills set of engineering students in Essential of Piping Technology & Simulation Software.
- (ii) To bridge the gap between college education and industrial requirement.
- (iii) To provide opportunities for the Petrochemical Engineering (PCE) students of the college to undergo industrial trainings, in-plant visits and to take up project and consultancy works.
- (iv) To provide Internship training and project help for the students.
- (v) To assist the college in placement activities in the sense of introducing and developing contacts and relationship with industries.

ROLES AND RESPONSIBILITIES OF THE MOU SIGNING COMPANY:

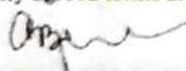

- (i) To supply tools and techniques to the college
- (ii) To organize the short term training programs on CFD
- (iii) To organize Value Added Programs / Workshop / seminar once in six months to Petrochemical Engineering (PCE) students of the college to enlighten them on the Ansys-Fluent, Ansys-Poly flow, Ansys-CFX, Fluid flow Simulation.
- (iv) To organize short term training programs on Essential of Piping & Simulation Software.
- (v) To provide opportunities for the Petrochemical Engineering (PCE) students of the college to undergo Internship trainings, in-plant visits and to guide up project works.

ROLES AND RESPONSIBILITIES OF THE PETROCHEMICAL ENGINEERING DEPARTMENT, JCT COLLEGE OF ENGINEERING AND TECHNOLOGY:

- (i) To create the awareness among the students about the topic Piping Technology & Simulation Software conducted by the first part.
- (ii) To provide class rooms/LCD and audio facilities and laboratory facilities as required for the training by the first part.
- (iii) To train the employees of the first part on latest Simulation software Products and its techniques.
- (iv) To impart theoretical exposure on software's to the employees of the first part.

TIME FRAME:

This MoU is valid for 2 years from the date of signing and will be renewed for a further period on mutually agreed terms and conditions.

PRINCIPAL

JCT College of Engineering & Technology

repugnant to the context and meaning thereof, its Successors, legal representatives and assigns, of the other part;

Whereas, JCT is in the field of education, imparting knowledge to students aspiring to be Engineers and Technologists.

Whereas, PROLIFIC is one of the reputed turnkey automation solutions provider and Asia's Number One Vocational training company having fully equipped facilities at 28 branches all over India.

And whereas, both JCT & PROLIFIC have agreed to form a 'STRATEGIC ALLIANCE' for providing industrial inputs to the Engineering students for mutual benefit.

And whereas, on the faith and strength of such representation and warranty, both JCT and PROLIFIC have agreed to enter into this Memorandum of Understanding as per the mutually agreed clauses as agreed below:

1. Provision of Supplies and Services:

JCT shall provide Prolific the facilities and qualified personnel to impart training as mutually agreed to and each personnel shall perform to the best of his/her ability during the term of the contract; likewise PROLIFIC shall make available their facilities for special projects and also for training of JCT personnel. In addition, PROLIFIC shall depute their experts for necessary training at JCT and depending upon nature and degree / level of specialization, PROLIFIC shall train faculty and students of JCT on selected topics. All decisions under this clause will be taken between the parties hereto only after prior consultation. Training will be conducted at mutually convenient dates.

JCT shall provide infrastructure as required by the company for conducting training, lectures etc.

PROLIFIC shall conduct training on core areas such as PLC's, SCADA, DCS, Embedded systems, Drives, Field instrumentation, Robotics, PCB Designing, Matlab, ARM, PIC and Advanced Mechanical Systems.

PROLIFIC shall deliver special lectures on advanced topics.

JCT College of Engineering & Technology
Principal

2. Scope of Activities:

Details of activities are included in annexure-I.

3. Non-Exclusive Relationship:

This agreement is non-exclusive in nature and both JCT and PROLIFIC shall retain their right to perform their obligations with any other party during the term of this MOU.

4. Independent Contractors:

PROLIFIC and JCT hereby agree that each is an independent contractor and this MOU doesn't mean that one is an agent of other or of each other, and neither party shall be entitled to bind, by its acts, omissions or otherwise, the other party.

5. Assignments:

No part of this MOU or of any obligations created herein, may be assigned or transferred by any one of the parties whether by operation of law or otherwise, to any other person without the prior permission of the other. Any such assignment or transfer shall be void and be without force and effect and would not be binding on the other.

6. Entire Agreement:

This instrument sets forth the entire agreement between the parties hereto and either party shall deem all other representations, irrelevant and unenforceable. All modifications to this agreement shall be in writing and only if mutually agreed to.

7. Term of MOU and Notice of Termination:

This MOU is open ended in nature; but can be terminated with three month's notice on either side given to other party in writing at their address mentioned at the top/any other address to be notified in future. Such notice shall be deemed to be properly given if sent by registered post or by courier to the other persons authorized to sign this MOU.

[Handwritten signature]

[Handwritten signature]

Any significant outcome of any joint research or development activities, arising out of project works shall have equal right to patent the development with due acknowledgement of other party's contribution. Commercial exploitation if any shall be shared proportionally with mutual agreement.
3. **Awards & recognitions:** Third party recognition and awards are the healthier way to encourage our own manpower and its excellence. Both parties can institute few awards, medals and citation etc (in equal no.) to appreciate the other's credentials at a common or exclusive functions and forum.
4. **Consultancy:** The dedicated faculties on both sides (party) shall act as the consultant/outsourcer and Technical supporter to one another at all technical, administrative, management and R & D areas. The knowledge sharing by consultancy of the expert members are available at free of cost at the regular college/office functioning hours. Consultancy off the college/office hours if any may be charged accordingly.
5. **Human Resource & Training:** Human resources at both sides shall be strengthened by way of conducting workshops/Lectures/Study camps at a regular interval. Both parties shall organize regular/routine training programme to various levels of Technical and managerial manpower of all discipline at a very nominal costs at their respective premises.

6. **Provision:** The industry shall freely engage the student manpower for any of their R & D activities at their works under various schemes like in-plant training mini/major projects etc to benefits both sides equally. The industry shall give due preference to the students of JCT CET for all their recruitment needs such as temporary, apprenticeship, semi permanent and permanent arising during the period of MoU. The industry will be the permanent guests of honour of the JCT CET at all institutional programs, like the training technical seminars, cultures and other celebrations.
7. **Disclaimer:** This MoU does not compel or force any party either fully or partly to perform a function or fulfil any commitment agreed upon on best interests. All that agreements made between the parties are only obligatory and not in any way mandatory. It is further made abundantly clear that no third party mediation or arbitration is earnest or warranted. Both the parties shall however meet periodically once in three months alternatively at their respective premises to review the MoU and modify the scope of works if any, depending on the special demands and needs, arises then and there.

MEMORANDUM OF UNDERSTANDING
BETWEEN
JCT COLLEGE OF ENGINEERING AND TECHNOLOGY (1ST PARTY)
(DEPARTMENT OF PETROLEUM ENGINEERING)
AND
M/s ADVANCE PETROCHEMICALS LTD. (2ND PARTY)

This Memorandum of understanding is made this 14th day of November 2016
Between

JCT College of Engineering and Technology, Department of Petroleum Engineering, Pichanur,
Coimbatore - 641 105, hereinafter called the party of the first party represented by the Principal,
Dr. G. Ramesh.

And

M/s Advance Petrochemicals Ltd, incorporated under the companies Act 1956 having its
Registered Office at 167, Pirana Road, Piplaj, S114, Aarti Gunstet, Ahmedabad, Gujarat, is a

(Signature)

PRINCIPAL
JCT College of Engineering & Technology
PICHANUR, Coimbatore - 641 105.

Independent Petrochemical company and service provider (hereinafter referred to as "APL" which expression shall, unless repugnant to the context or meaning thereof, include its permitted assignees) represented by Mr. J. Prakash Kumar, Managing Director (MD).

Whereas, JCT College of Engineering and Technology, Department of Petroleum Engineering, Pichanur, Coimbatore at its various engineering and sciences departments is charged with responsibility of training technical and scientific manpower in various front-line areas of importance for the Nation and is also contributing to the rapidly growing scientific and technological knowledge and professional excellence in Science & Technology by undertaking industrial & applied research and consultancy.

Whereas, ADVANCE PETROCHEMICALS LTD is engaged in Chemical and Petrochemicals production, research, design and development and in the field of Petroleum refining and related fields.

WHEREAS, both JCTCET (Department of Petroleum Engineering) and Advance Petrochemicals, Ltd., now

- Recognizing the importance of research and development in the areas REFINING AND PRODUCTION OF PETROCHEMICALS, as well as imparting industrial training to the engineering/technology/sciences students, etc.
- Appreciating the need for creation of large reservoir of highly qualified manpower in all fields related to REFINING AND PRODUCTION OF PETROCHEMICALS
- Desiring to club their efforts by pooling their expertise and resources,

INTEND to form a nucleus for promoting excellent quality manpower in the fields of engineering, technology and sciences with special emphasis on PETROLEUM ENGINEERING and related fields etc.

NOW, THEREFORE, in consideration of the mutual promises made herein and of good and valuable consideration, the receipt and sufficiency of which both JCTCET (Department of Petroleum Engineering) and APL hereby acknowledge, JCTCET and APL hereby agree to sign a memorandum of understanding (MOU).

ARTICLE-I: SCOPE OF THE MOU

This MOU details the modalities and general conditions regarding collaboration between JCTCET (Department of Petroleum Engineering) and APL for enhancing, within the country, the availability of highly qualified manpower in the areas of PETROLEUM ENGINEERING without any prejudice to prevailing rules and regulations in JCTCET (Department of Petroleum Engineering) and APL without any disregard to any mechanism evolved and approved by the competent authorities under Govt. of India in so far as such mechanism applies to JCTCET (Department of Petroleum Engineering) and APL. The areas of cooperation can be extended through mutual consent.

The following statements are the Purpose of this MoU:

- i. To provide the skill set of engineering students in Oil and Gas extraction units.
- ii. To bridge the gap between college education and industrial requirement.
- iii. To provide opportunities for Petroleum Engineering (PE) students of the college to undergo industrial trainings, in-plant visits and to take up project and consultancy works.
- iv. To organize the Internship trainings and project help for the students.
- v. To organize the short term training programs on Petrochemicals Refining operations.

PRINCIPAL
Engineering & Technology
Pichanur - 641 195

- vi. To assist the college in placement activities in the sense of introducing and developing contacts and relationship with industries.

ARTICLE-II: SHARING OF FACILITIES

- i. JCTCET and APL shall make provisions to share their respective important R&D facilities in order to promote academic and research interaction in the areas of cooperation.
- ii. JCTCET and APL shall permit the sharing software and other materials and components developed in-house in the areas of cooperation, if permissible within the rules governing the two institutions. However, responsibility & safety of software and other materials during the exchange will rest on respective Head of academic department/section.
- iii. JCTCET and APL shall provide access to the library facilities to scientists, members of faculty and students as per the prevailing rules and norms in the respective institutes.

ARTICLE-III: CO-ORDINATION OF THE PROGRAMME INCLUDING FINANCIAL ARRANGEMENTS

- i. The collaborative programme between JCTCET and APL shall be coordinated by a coordination committee appointed by Directors of both the Institutes.
- ii. Financial arrangements for each specific collaboration will be decided on a case-to-case basis and brought on record in each case after due approval from heads of both the Institutions.

ARTICLE -IV:

ROLES AND RESPONSIBILITY OF THE PETROLEUM ENGINEERING DEPARTMENT, JCT COLLEGE OF ENGINEERING AND TECHNOLOGY:

- i. To create the awareness among the students about the topic Oil and Gas Exploration operations conducted by the first party.
- ii. To provide class rooms/LCD and audio facilities and laboratory facilities as required for the training by the first part.
- iii. To train the employees of the first part on Oil and Gas exploration and its techniques.
- iv. To impart theoretical exposure on software's to the employees of the first part.

ARTICLE-V: IPR

Rights regarding publications, patents, royalty, ownership of software/design/product developed etc. under the scope of this MOU, shall be decided by the two parties by mutual consent.

ARTICLE-VI: CONFIDENTIALITY

During the tenure of the MOU both JCTCET and APL will maintain strict confidentiality and prevent disclosure of all the information and data exchanged under the scope of this MOU for any purpose other than in accordance with this MOU.

Both JCTCET (Department of Petroleum Engineering) and APL shall bind their respective personnel who come into possession or knowledge of any confidential information not to disclose the same to third parties without written approval of the disclosing party or use such confidential information for any use other than intended under this agreement or PROJECTS.

Further both JCTCET and APL shall put in place adequate and reasonable measures to keep and store confidential information secure so as to prevent any unauthorized use.

CONFIDENTIAL INFORMATION shall mean any proprietary information, data or facts belonging to PARTIES collectively or severally, disclosed by the disclosing party under this agreement or any subsequent agreement, whether in writing, verbal or electronically, irrespective of the medium in which such information is stored, which is marked confidential or with any other words having similar meaning by the disclosing party, or specifically agreed to be kept confidential by the parties, or declared or identified so by the disclosing party before such disclosure or during the discussions. However confidential information shall not include any data or information which:

- i. is or becomes publicly available through no fault of the receiving party
- ii. is already in the rightful possession of the receiving party prior to its receipt of such data or information.
- iii. is independently developed by the receiving party without reference to the confidential information of the disclosing party
- iv. is rightfully obtained by the receiving party from a third party or is in the public domain
- v. is disclosed with the written consent of the party whose information it is, or
- vi. is disclosed pursuant to court order or other legal compulsion, after providing prior notice to the disclosing party.

ARTICLE-VII: AMENDMENTS

Any amendment and/or addenda to the AGREEMENT shall be in writing and signed by the PARTIES hereto and shall only after such execution be deemed to form part of the AGREEMENT and have the effect of modifying the AGREEMENT to the extent required by such amendment or addenda.

ARTICLE-VIII: RESOLUTION OF DISPUTES

- i. This agreement shall take effect and be construed in accordance with the Laws of India and be subject to the jurisdiction of the courts at **CHENNAI HIGH COURT**.
- ii. The dispute or difference whatsoever arises between PARTIES in relation to or in connection with this AGREEMENT both the parties shall first try to resolve the dispute/difference amicably between themselves, failing which the matter shall be referred to and settled through arbitration. The arbitration proceedings shall be held in accordance with the provision of Indian Arbitration and Reconciliation ACT, 1996. The venue of arbitration shall be New Delhi and Language of arbitration shall be English.

ARTICLE-IX: MISCELLANEOUS

- a) The headings and sub-headings are inserted for convenience only and shall not affect the construction of this Agreement.
- b) Both JCTCET and APL shall not, during the term of this Agreement directly or indirectly, solicit or offer employment or engagement to any of the personnel of other party without the prior consent in writing of that other party.
- c) No failure to exercise and no delay in exercising, on the part of a Party, and right, remedy, power or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights,

remedies, power and privileges herein provided are cumulative and not exclusive of any right, remedies, powers and privileges provided by law.

d) After this Agreement has been signed, all preceding understandings/negotiations and correspondence pertaining to it shall become null and void.

ARTICLE - X: TIME FRAME

This MoU is valid for 1 years from the date of signing and will be renewed for a further period on mutually agreed terms and conditions.

GENERAL:

In event of any issue to be resolved which is beyond the control of the nominated persons of both the parties, the Director and principal who are signatories to this MoU can discuss directly and resolve them.

In witness whereof the parties hereto have affixed their signatures to this agreement on this day.

IN WITNESS WHEREOF PARTIES HERE TO HAVE ENTERED INTO THIS AGREEMENT EFFECTIVE AS ON THE DATE AND YEAR FIRST WRITTEN ABOVE.

MEMORANDUM OF UNDERSTANDING

BETWEEN

JCT COLLEGE OF ENGINEERING AND TECHNOLOGY (1ST PARTY)
(DEPARTMENT OF PETROLEUM ENGINEERING)

AND

M/s IG PETROCHEMICALS LTD. (2ND PARTY)

This memorandum of understanding is made this 19th day of December 2016.

Between

JCT College of Engineering and Technology, Department of Petroleum Engineering,
Pichanur, Coimbatore - 641 105, hereinafter called the party of the first party represented by
the Principal, Dr. G. Ramesh.

And

M/s IG Petrochemicals Ltd, incorporated under the companies Act 1956 having its
Registered Office at T-10, 3rd Floor, Jairam Complex, Mala, Neugi Nagar, Panaji, Goa - 403
001, is a Independent Petrochemical company and service provider (hereinafter referred to as
"IGPL" which expression shall, unless repugnant to the context or meaning thereof, include its
permitted assignees) represented by Mr. Nikunj Dhanuka, Managing Director (MD).

Whereas,

JCT College of Engineering and Technology, Department of Petroleum Engineering, Palanur, Coimbatore at its various engineering and sciences departments is charged with responsibility of training technical and scientific manpower in various front-line areas of importance for the Nation and is also contributing to the rapidly growing scientific and technological knowledge and professional excellence in Science & Technology by undertaking industrial & applied research and consultancy.

Whereas,

IG PETROCHEMICALS LTD is engaged in Chemical and Petrochemicals production, research, design and development and in the field of Petroleum refining and related fields.

WHEREAS, both JCTCE (Department of Petroleum Engineering) and Advance Petrochemicals. Ltd., now

- Recognizing the importance of research and development in the areas REFINING AND PRODUCTION OF PETROCHEMICALS, as well as imparting industrial training to the engineering/technology/sciences students, etc.
- Appreciating the need for creation of large reservoir of highly qualified manpower in all fields related to REFINING AND PRODUCTION OF PETROCHEMICALS
- Desiring to club their efforts by pooling their expertise and resources,

INTEND to form a nucleus for promoting excellent quality manpower in the fields of engineering, technology and sciences with special emphasis on PETROLEUM ENGINEERING and related fields etc.

NOW, THEREFORE, in consideration of the mutual promises made herein and of good and valuable consideration, the receipt and sufficiency of which both JCTCET (Department of Petroleum Engineering) and IGPL hereby acknowledge, JCTCET and IGPL hereby agree to sign a memorandum of understanding (MOU).

ARTICLE-I: SCOPE OF THE MOU

This MOU details the modalities and general conditions regarding collaboration between JCTCET (Department of Petroleum Engineering) and IGPL for enhancing, within the country, the availability of highly qualified manpower in the areas of PETROLEUM ENGINEERING without any prejudice to prevailing rules and regulations in JCTCET (Department of Petroleum Engineering) and IGPL without any disregard to any mechanism evolved and approved by the competent authorities under Govt. of India in so far as such mechanism applies to JCTCET (Department of Petroleum Engineering) and IGPL. The areas of cooperation can be extended through mutual consent.

The following statements are the Purpose of this MoU :

- i. To provide the skill set of engineering students in Oil and Gas extraction units.
- ii. To bridge the gap between college education and industrial requirement.
- iii. To provide opportunities for Petroleum Engineering (PE) students of the college to undergo industrial training, implant visits and to take up project and consultancy works.
- iv. To organize the Internship training and project help for the students.
- v. To organize the short term training program on Petrochemicals Refining operations.

- vi. To assist the college in placement activities in the sense of introducing and developing contacts and relationship with industries.

ARTICLE-II : SHARING OF FACILITIES

i. JCTCET and IGPL shall make provisions to share their respective important R&D facilities in order to promote academic and research interaction in the areas of cooperation.

ii. JCTCET and IGPL shall permit the sharing software and other materials and components developed in-house in the areas of cooperation, if permissible within the rules governing the two institutions. However, responsibility for safety of software and other materials during the exchange will rest on respective Head of academic department/section.

iii. JCTCET and IGPL shall provide access to the library facilities to scientists, members of faculty and students as per the prevailing rules and norms in the respective institutes.

ARTICLE-III: CO-ORDINATION OF THE PROGRAMME INCLUDING FINANCIAL ARRANGEMENTS

i. The collaborative programme between JCTCET and IGPL shall be coordinated by a coordination committee appointed by Directors of both the Institutes.

ii. Financial arrangements for each specific collaboration will be decided on a case-to-case basis and brought on record in each case after due approval from heads of both the Institutions.

ARTICLE - IV

ROLES AND RESPONSIBILITY OF THE PETROLEUM ENGINEERING DEPARTMENT, JCT COLLEGE OF ENGINEERING AND TECHNOLOGY:

- i. To create the awareness among the students about the topic Oil and Gas Exploration operations conducted by the first party.
- ii. To provide class room/CD and audio facilities and laboratory facilities as required for the training by the first part.
- iii. To train the employees of the first part on Oil and Gas exploration and its techniques.
- iv. To impart theoretical exposure on software's to the employees of the first part.

ARTICLE-V : IPR

Rights regarding publications, patents, royalty, ownership of software/design/product developed etc. under the scope of this MOU, shall be decided by the two parties by mutual consent.

PRINCIPAL
JCT College of Engineering & Technology
PICHANUR, Coimbatore - 641 105.

ARTICLE-VI: CONFIDENTIALITY

During the tenure of the MOU both JCTCET and IGPL will maintain strict confidentiality and prevent disclosure of all the information and data exchanged under the scope of this MOU for any purpose other than in accordance with this MOU.

Both JCTCET (Department of Petroleum Engineering) and IGPL shall bind their respective personnel who come into possession or knowledge of any confidential information not to disclose the same to third parties without written approval of the disclosing party or use such confidential information for any use other than intended under this agreement or PROJECTS.

Further both JCTCET and IGPL shall put in place adequate and reasonable measures to keep and store confidential information secure so as to prevent any unauthorized use.

CONFIDENTIAL INFORMATION shall mean any proprietary information, data or facts belonging to PARTIES collectively or severally, disclosed by the disclosing party under this agreement or any subsequent agreement, whether in writing, verbal or electronically, irrespective of the medium in which such information is stored, which is marked confidential or with any other words having similar meaning by the disclosing party, or specifically agreed to be kept confidential by the parties, or declared or identified so by the disclosing party before such disclosure or during the discussions. However confidential information shall not include any data or information which:

- i. is or becomes publicly available through no fault of the receiving party
- ii. is already in the rightful possession of the receiving party prior to its receipt of such data or information.
- iii. is independently developed by the receiving party without reference to the confidential information of the disclosing party
- iv. is rightfully obtained by the receiving party from a third party or is in the public domain
- v. is disclosed with the written consent of the party whose information it is, or
- vi. is disclosed pursuant to court order or other legal compulsion, after providing prior notice to the disclosing party.

ARTICLE-VII : AMENDMENTS

Any amendment and/or addenda to the AGREEMENT shall be in writing and signed by the PARTIES hereto and shall only after such execution be deemed to form part of the AGREEMENT and have the effect of modifying the AGREEMENT to the extent required by such amendment or addenda.

PRINCIPAL
Engineering & Technology
Bengaluru - 560 075

ARTICLE-VIII : RESOLUTION OF DISPUTES

- i. This agreement shall take effect and be construed in accordance with the Laws of India and be subject to the jurisdiction of the courts at **CHENNAI HIGH COURT**.
- ii. The dispute or difference whatsoever arises between PARTIES in relation to or in connection with this AGREEMENT both the parties shall first try to resolve the dispute/difference amicably between themselves, failing which the matter shall be referred to and settled through arbitration. The arbitration proceedings shall be held in accordance with the provision of Indian Arbitration and Reconciliation ACT, 1996. The venue of arbitration shall be New Delhi and Language of arbitration shall be English.

ARTICLE-IX: MISCELLANEOUS

- a) The headings and sub-headings are inserted for convenience only and shall not affect the construction of this Agreement.
- b) Both JCTCET and IGPL shall not, during the term of this Agreement directly or indirectly, solicit or offer employment or engagement to any of the personnel of other party without the prior consent in writing of that other party.
- c) No failure to exercise and no delay in exercising, on the part of a Party, and right, remedy, power or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, power and privileges herein provided are cumulative and not exclusive of any right, remedies, powers and privileges provided by law.
- d) After this Agreement has been signed, all preceding understandings/negotiations and correspondence pertaining to it shall become null and void.

ARTICLE - X : TIME FRAME

This MoU is valid for 1 years from the date of signing and will be renewed for a further period on mutually agreed terms and conditions.

GENERAL :

In event of any issue to be resolved which is beyond the control of the nominated persons of both the parties, the Director and principal who are signatories to this MoU can discuss directly and resolve them.

MEMORANDUM OF UNDERSTANDING

BETWEEN

JCT COLLEGE OF ENGINEERING AND TECHNOLOGY, represented by the Secretary, having its office at Pitchanur Village,, Coimbatore - 641 105 (herein called Institution) a highly reputed technical Institution having the vision of becoming a centre of excellence, which has learned faculty, high quality laboratories and facilities and large student community, who can complement the efforts of industries.

and

KG INFORMATION SYSTEMS PRIVATE LIMITED is a SEI, CMM@ Level -3 Company engaged in the business of Software Engineering, Engineering Design Services and BPO having its office at 365, Thudiyalur Road, Saravanampatti, Coimbatore - 641 035 (herein after called "Company")

Jointly agree to exchange their expertise for mutual benefit and growth on the terms mentioned hereunder.

SCOPE OF CO-OPERATION

Both the parties believe that close co-operation would be of major benefit mutually to Institution and the Company. Accordingly, the following objectives are Identified.

- Regular exchange of resource and knowledge
- Tapping of potentials which contribute to mutual benefits
- Joint effort to identify avenues for improving the relationship and its products
- Formation and monitoring of Steering Committee
- Striving to achieve the mission and work on the path of vision to maintain the quality policy of the component Institutions

Secretary

KGISL TRUST
Coimbatore.

Secretary

JCT COLLEGE OF ENGINEERING AND TECHNOLOGY
Coimbatore.

JCT College of Engineering and Technology

Pichanur, Coimbatore - 641 105 Tamil Nadu INDIA Phone: +91 422 3232421 +91 422 2636900 Fax: +91 422 2636902 Email: info@sjct.co.in www.sjct.co.in

The above objectives may be accomplished through the following fields:

1. Visits on either side.
2. Sharing of both the parties facilities.
3. Joint venture programs.
4. Project work and problem solving.
5. Study, Survey, Research and Development.

1. VISITS ON EITHER SIDE

The Company would be instrumental to permit the students of the Institution to undertake Industrial Visits to firms and factories under its purview for the benefit of practical exposure.

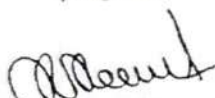

The Institution would be happy to facilitate for the institutional visit of the members and/or experts from various firms as mentioned above. If any important Technical meetings & Conferences are held in the Institution, invitation could be extended to the Company.

2. SHARING OF FACILITIES

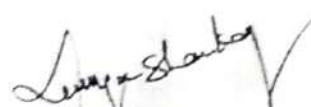

The Company can facilitate making use of various equipments, laboratories, library, computers of the Institution for the purpose of testing, study, calibration and research activities with a prior consultation with the Principal / Secretary of college and shall be carried over if the Institution finds that the facility is free for the said activity. Similarly the students and/or staff may also be permitted, if required, to utilize the facilities of the company for the broad purpose of education, teaching, skill development, etc depending upon the company's convenience. The Institution may extend its transport facilities at its convenience during the organization of Exhibitions by the company.

3. JOINT VENTURE PROGRAMS

Technical conferences, seminars, symposium, exhibitions, practical testing classes including EDP may be arranged under joint venture by both parties, the logistics of which are to be worked out separately with mutual consent for every program.

Page 1

The party of the first part and the party of the second part which expression shall, unless repugnant to the context or meaning thereof, include its successors and permitted assigns.

WHEREAS, The Service Provider is an Authorized Training cum Certification Centre for M/s. Autodesk and M/s. PTC in Coimbatore Region of Tamilnadu. The service provider is in the business of Training, Project Support in the field of CAD/CAM/CAE for more than a decade.

WHEREAS, The Service Provider is setting up Training Programs for which it has approached the Client to participate on a mutually beneficial basis;

WHEREAS, The Client has expressed its interest in running the Training Programs at its premises and is committed to working towards making it a success; and

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, the parties hereto, intending, to be legally bound, agree as follows:

1. SERVICES PROVIDED

In order to meet the increasing demand of technical students and engineering educational institutions about providing quality technical education, the Service Provider has come out with a proactive program to share its knowledge with the students at the Client's location. The Service Provider has agreed to manage and run the training Program at the Client's premises for a period of Three years.

2. GENERAL TERMS OF SERVICE

- a. The Service Provider will manage and run courses on CAD/CAM/CAE at the Client's premises as per the details furnished below.

S.No	Department	Programme on	Proposed for	Certified By
1	B.E Civil Engineering	Revit Architecture	2nd/ 3rd year students	Ref Point No 6

- b. All correspondence between the Service Provider and the Client will be done in writing. The Client will nominate an authorized person who will be the figurehead for all future correspondence.
- c. A program schedule will be provided by the Client in Feb 2016. This schedule will be designed in close coordination with the Service Provider and Client's authorized person; this schedule, if need be, can be modified in consultation with the Service Provider.
- d. All items related to course schedule, fee and payment schedule are present in Annexure A of this document.

Page 2

PRINCIPAL

JCT College of Engineering & Technology
PICHANUR, Coimbatore-641 105.

For CAD/CAM Technologies School of Design Private Limited

3. OBLIGATIONS OF THE SERVICE PROVIDER

The Service Provider will run the course by their Authorized personal at the Client's premises. All resources required in terms of course delivery, trainers, content required, hands-on training materials (work Book) will be brought in by the Service Provider.

The Service Provider will also facilitate the software installation of Autodesk Products and get the activation done as per the policy of M/s. Autodesk, USA.

4. OBLIGATIONS OF THE CLIENT

- a. In order to make the Training Program a great success a minimum of 50 students per batch is required to be enrolled. The Client will ensure that an enrollment reaches 50 prior to commencement of the course.
- b. The Client is assured of availing the training program and willing to have a long term relationship with the service provider for conducting the training programme.
- c. The fees per student has been arrived as per the discussion had and agreed mutually.
- d. The Client shall also provide the necessary infrastructure required for the program. These include necessary classrooms, computer labs with necessary software, projectors and other reasonable infrastructure required for the running of the course itself.
- e. The Client will undertake all measures towards effective collection of fees for the program conducted by the Service Provider, details of fee structure are documented in Annexure A.
- f. The Client will settle the payment to the Service Provider as per the terms and conditions agreed mutually without any delay till the contract is over.

5. TERM OF THE CONTRACT

The Service Agreement will be valid for a term of Three years from the date of signing of this agreement and further extension of MOU can be done on mutual consent.

6. CERTIFICATION

The successful candidate should undergo exams conducted by the Service Provider and the successful candidates shall be issued Autodesk Course Completion certificate by M/s. Autodesk for Revit Architecture and our own certificate for Staad.Pro. The certificate issuance will be subjected to M/s. Autodesk's policies issued from time to time.

7. TERMINATION OF MOU

Service Provider may terminate this agreement and stop acting for the Client if;

Page 3

- a. The Client doesn't comply with the agreement; or
- b. Service Provider forms the opinion, on reasonable grounds, that mutual confidence and trust do not exist between both parties; or
- c. Service Provider believes on reasonable grounds that, by continuing to act for the Client, it may breach the professional conduct rules which are binding upon professionals in the education industry.

However, the service provider should complete the programme on Revit Architecture fully to the complete satisfaction of the client and its students.

Likewise, the client has the right to terminate this agreement if

- a. He is not satisfied with the quality / standard of training undertaken by the service provider and
- b. The service provider does not comply with conditions stipulated in this agreement.

In this case also, the programme on Revit Architecture, if already started, should be successfully completed.

8. MUTUAL SUPPORT AND COOPERATION

The Service Provider and the Client hereby agree that they will take all steps reasonably necessary.

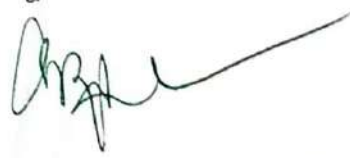

To designate key individuals to perform its obligations here under.

- a. To conduct periodic meetings of all such key individuals and others as necessary.
- b. To fully cooperate with all reasonable requests for assistance.

The parties will make diligent efforts through their respective key individuals to identify the causes of any problems in the services and to make adjustments, in an equitable fashion, in order to address and resolve such problems.

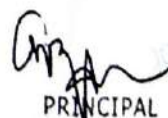

9. NON EXCLUSIVE NATURE

Both parties agree that this agreement represents a non-exclusive relationship between the parties and nothing contained herein shall preclude either party from participating/ initiating similar relationships with third party.
